01 | OUR VISION

Africa is home to the youngest population on earth. Nigeria alone has over 70 million young people under the age of 30 — a generation full of potential, full of hunger, and full of faith. Yet too many of them wake up every morning without access to quality education, without stable income, without anyone in their corner saying: *"I see you. I believe in you. Help is coming."*

Impact Coin was born from the conviction that **cryptocurrency can do more than create wealth — it can create change**. Our vision is a thriving ecosystem where every transaction, every trade, every holder becomes part of something bigger than themselves: the transformation of African youth through real, on-the-ground impact.

We are not just launching a coin. We are launching a movement.

02 | THE PROBLEM WE ARE SOLVING

Millions of Nigerian and African youth face overlapping crises that hold them back from their full potential:

- Youth unemployment above 40% in many Nigerian states
- Limited access to quality vocational and tech education
- Food insecurity affecting millions of households below the poverty line
- Lack of financial literacy and zero exposure to Web3 or digital earning opportunities
- A missing bridge between the crypto world and everyday people who need it most

Traditional charity has its limits. Impact Coin proposes something different — a self-sustaining, community-powered model where the growth of the coin directly funds the growth of the people.

03 | WHAT IS IMPACT COIN?

Impact Coin is a **purpose-driven meme coin** launched on the **Solana blockchain** via **Pump.fun**. It is built on the simple but powerful belief that money should do more than move — it should matter.

Impact Coin is not a speculative play. It is a living, breathing project where every holder participates in a community that gives back. Through live-stream giveaways, free trainings, physical outreach, and digital engagement, Impact Coin turns the energy of the crypto market into fuel for real-world transformation.

Chain	Solana — fast, low-cost, globally accessible
Launch Platform	Pump.fun
Focus	African Youth — Nigeria and beyond
Launch Date	August 8, 2026
Mission	Impact 2,000 lives in Year One

04 | THE IMPACT NARRATIVE — HOW IT WORKS

The heart of Impact Coin beats loudest on live streams. Our primary narrative is built around **real people, real stories, real change** — captured and shared in real time with the world.

Live-Stream Giveaways

On TikTok and other social platforms, Impact Coin hosts regular live-stream sessions alongside renowned influencers whose audiences connect deeply with the project's heart. During these lives, everyday Nigerians — workers, students, mothers, hustlers — step forward and share their stories. The community listens. And then we act. Giveaways of food, funds, course access, and support are distributed live, on camera, with Africa watching.

Physical Community Outreach

At least once every two weeks, the Impact Coin team goes into communities — on the ground, face-to-face, with cameras rolling. These outreach sessions are filmed and published as TikTok and X content, creating viral moments that tell the story of what Impact Coin is doing in the streets of Nigeria. This is not marketing. This is evidence.

Free Trainings & Skill Access

- Free crypto and Web3 education sessions for young Nigerians
- Paid course access provided to qualifying community members
- Vocational skill training and awareness workshops
- Mindset, personal growth, and financial literacy content
- All training hosted or facilitated by Impact Coin community leaders and partner influencers

05 | TOKENOMICS

Impact Coin's tokenomics are designed with one principle above all: **the coin must serve the community, not just enrich it**. Every creator fee collected from transactions on the Solana network is allocated with full transparency and purpose.

Creator Fee Distribution

Allocation	%	Purpose
Direct Impact Fund	60%	Live-stream giveaways, foodstuffs, monetary support for the poor and vulnerable shared on social media
Community Members Impact	30%	Supporting community members who also need impact — feeding, training, and upliftment within our own ecosystem
Operations & Buybacks	10%	Team logistics (transport to outreach locations), subscriptions, miscellaneous operational costs, and token buybacks to maintain market health

Token Supply Lock

On the day of launch, **10% of Impact Coin's total supply will be locked for a period of 3 months** by the community. This is a direct commitment to long-term stability, demonstrating that Impact Coin is built for sustained impact — not a pump-and-dump. It protects every holder and builds trust from Day One.

Pre-Launch Community Fund Target

Before launch, the Impact Coin community will collectively raise a minimum of **\$3,000 USD**. These funds will be deployed for initial buybacks and supply locking activities to ensure a healthy and fair market environment at launch.

06 | THREE-PHASE ROADMAP

Impact Coin's journey to launch and beyond is structured across three powerful phases — each building on the last, each expanding the reach and depth of our impact.

PHASE 1 — AWARENESS & FOUNDATION

The foundation phase is about building awareness in hearts and minds — not just feeds. Before anything launches, the community must understand the mission, believe in it, and carry it forward.

CREATE AWARENESS

Spread the reality of Impact Coin through weekly activity on X (Twitter), WhatsApp, Telegram, and personal word-of-mouth. Every pioneer becomes an ambassador.

GROW THE COMMUNITY

Raise a core group of at least 30 digitally active pioneers who truly understand the project and are committed to the mission.

ONBOARD INFLUENCERS

Partner with 3 influencers (Phase 1 target) who each have a minimum of 10,000 followers on active social platforms — influencers whose audience aligns with Impact Coin's narrative.

HOST COMMUNITY TRAININGS

Host 3 free community training sessions to educate, empower, and onboard more members into the Impact Coin vision before launch.

PHASE 2 — EXPANSION & MOMENTUM

Phase 2 is where the community grows into something unstoppable. With the foundation set, we scale our reach, deepen our partnerships, and prepare the launch pad.

- Onboard 4 additional influencers (bringing total to 7 active partners)
- Scale community membership toward the 1,000-member milestone on WhatsApp and Instagram
- Continue live training sessions to educate and onboard members (target: 5 total trainings by end of Phase 2)

- Execute consistent daily social media posts on TikTok, X, and Instagram — content focused on topics affecting African youth
- Digitally registered Impact Coin pioneers actively engage with all social posts — every like, share, and comment counts
- Begin production of Impact Coin branded merchandise: t-shirts, polos, and caps (minimum 20 custom pieces ready pre-launch)
- Conduct physical community outreach sessions filmed as content for TikTok and X

PHASE 3 — LAUNCH & IGNITION

Phase 3 is the moment everything the community has built comes alive. August 8, 2026 is not just a date — it is a declaration.

- Onboard final 3 influencers — reaching a total of 10 active influencer partners, each with 10,000+ followers
- Host total of 7 free community training sessions completed before or on launch day
- Community raises \$3,000 USD pre-launch for buybacks and supply locking
- 10% of token supply locked at launch for 3 months — a public trust commitment
- Official Impact Coin website fully live and open to community
- General launch live stream — members from across Africa and the world joining live
- Branded merchandise distributed to active community leaders and sold to members
- First live-stream giveaway session goes live on launch day — Impact Coin's narrative launches with it
- IMPACT COIN officially listed on Solana via Pump.fun — August 8, 2026

07 | PRE-LAUNCH MILESTONES & KEY DATES

Date	Milestone
June 15, 2026	Pioneer registration website goes live — interested members sign up for official membership in the Impact Coin family
July 8, 2026	Official Impact Coin website open for community preview — the full vision is now on display
By July 31, 2026	Community reaches 1,000 members on WhatsApp and Instagram. \$3,000 community fund target achieved. All 10 influencer partners confirmed. 7 free community trainings completed. 20 branded merch pieces printed and available.
August 8, 2026	IMPACT COIN LAUNCHES ON SOLANA — The day Africa changes. The movement goes public.

08 | COMMUNITY & MEMBERSHIP

Impact Coin is powered by people. Every member of this community is not just a holder — they are a pioneer of change. To recognise the commitment of our most active members, Impact Coin introduces a formal membership structure.

Digital Pioneer Badge

Every digitally active pioneer who pledges their allegiance to Impact Coin will receive an **official Digital Pioneer Badge** — an identification mark that sets them apart as one of the founding members of the Impact Coin movement. This badge is not ceremonial; it comes with responsibilities:

- Engage with every Impact Coin post on TikTok, X, Instagram, and Telegram daily
- Share Impact Coin content and grow the community through word of mouth
- Participate in live streams, trainings, and outreach activities
- Represent Impact Coin in your circle — you are the face of the movement

Social Presence

Impact Coin will maintain active, daily content across all major platforms — TikTok, X (Twitter), Instagram, WhatsApp, and Telegram. Content will focus on topics that affect the Nigerian nation and Africa as a whole: youth unemployment, food insecurity, access to education, mindset, and personal growth. Every post is an invitation. Every comment is a conversation. Every share is a step toward 2,000 lives changed.

09 | INFLUENCER & PARTNERSHIP STRATEGY

Impact Coin's growth engine runs on authentic partnership. We do not seek influencers for reach alone — we seek storytellers, community builders, and voices whose audiences already care about the Nigeria we are trying to build.

Phase	Influencers Onboarded	Running Total
Phase 1	3 influencers	3
Phase 2	4 influencers	7
Phase 3	3 influencers	10 (target complete)

Each influencer partner must have a minimum of **10,000 active followers** on at least one social platform. Most importantly, their audience must connect with the human story — struggles, hustle, faith, and transformation. These are the communities Impact Coin was made for.

10 | IMPACT TARGETS

Numbers matter — but only when they represent real lives. Here is what Impact Coin is committing to in Year One:

Target	Goal
Lives Impacted (Year 1)	Minimum 2,000
Young People Trained	Free crypto, tech, and vocational trainings
Course Access Provided	Paid courses funded for qualifying youth
Food & Monetary Giveaways	Live-stream giveaways every 1–2 weeks
Physical Outreach Sessions	Minimum every 2 weeks, filmed and published
Community Members (Pre-launch)	1,000 across WhatsApp and Instagram

Community Members (Long-term)	5,000+ across all platforms
Influencer Partners	10 by launch date

11 | TEAM & OPERATIONS

Impact Coin is built and led by a team that has already proven it can build community, deliver trainings, execute physical outreach, and launch purpose-driven crypto projects. We are part of the **ForGOD Intelligence Network** — a pioneering organisation that has been building crypto-literate African youth since before this project began.

The team's operational costs are lean and intentional. Transportation to outreach locations, platform subscriptions, and miscellaneous launch expenses are all covered within the 10% operations allocation — ensuring that the maximum possible resources flow directly to impact.

Branded Merchandise

Before launch, the Impact Coin team will produce a minimum of **20 custom branded pieces** — t-shirts, polos, and caps bearing the Impact Coin identity. These will be worn during outreach sessions and live streams, sold to community members, and used to build a visible, recognisable presence on the ground in Nigeria.

White Paper Updates

This white paper is a living document. As the project evolves, as milestones are hit, and as the community grows, important updates will be reflected here. The community will always be informed of significant changes before they are published.

12 | LEGAL DISCLAIMER

This white paper is for informational purposes only and does not constitute financial advice, investment advice, or a solicitation to buy or sell any asset. Cryptocurrency investments carry significant risk, including the loss of capital. The value of Impact Coin may fluctuate and past performance is not indicative of future results. All projections, targets, and timelines presented herein are aspirational and subject to change based on market conditions, community development, and other factors beyond the team's control. Impact Coin is a community-driven project with a social mission; participation is voluntary and carries inherent risk. Always do your own research (DYOR) before making any financial decisions. This white paper will be updated periodically to reflect material changes in the project.

IMPACT COIN — August 8, 2026

TOGETHER, WE BUILD. TOGETHER, WE IMPACT. TOGETHER, WE RISE.
